

New India Church of God

BA Opportunity—Business growth & entrepreneurship

Summary

New India Church of God (NICOG) is a large church denomination with 3,500 churches spread across the countries of India, Nepal and Myanmar. Over the last several years, NICOG has identified a need for business development and job creation within the communities where they work.

Partners Worldwide's partnership with NICOG focuses on the slums communities in Kolkata. We are seeking a Business Affiliate team to come alongside them with a listening ear, a heart to serve, and entrepreneurial ideas.

Qualifications

- Knowledge of working within and Indian context
- Perseverance and the ability to contribute fresh ideas to these slum communities
- A heart of service and a willingness to listen and be led

LCI Overview

NICOG was founded in 1976 and is one of the fastest-growing church-based organizations in India. It operates in 22 states in India and Nepal and Myanmar through a large network of over 3,500 churches. Their core operations are church planting, evangelism, education, and social justice efforts. They have operational hubs in Mumbai, Goa, Kerala and Kolkata.

In partnership with Partners Worldwide, NICOG is focusing on micro-enterprise training for residents of slum communities in Kolkata to assist them to start micro businesses. They are also focusing on an Employability Training Program to train, equip and build capacity of young individuals from these communities which will help them to more than double their income and enable them to provide for their families and break the cycle of poverty.

The BA Role

- Have a monthly call with the LCI leaders and PW Partnership Manager
- Visit the partnership in India at least once per year
- Help contribute financially to the partnership (personally & fundraising)
- Recruit other BA team members and help grow the partnership

Take Action

Do you have skills that match up with NICOG's need? Don't wait. We need your help in fighting poverty around the world. Send an email to info@partnersworldwide.org to inquire about this opportunity, and become a part of Ending Poverty for Good.

India

India is the second-most populous country in the world with 1.2 billion people. Poverty is a significant issue in India, despite having the second-fastest growing economy in the world.

With over 14 million people, Kolkata is one of the largest—and poorest—mega-cities in the world, with extreme generational poverty.
